

Eufaula City Schools Salary Schedule

2024 - 2025

Approved by the Board on: approved June 11, 2024 * effective with contract year

Includes Amendments/Addendums approved on: 07/16/24
* effective with contract year; unless otherwise noted

General Information

Certain explicit assumptions have been made in the preparation of this salary schedule. Those assumptions are as follows:

- New employees will begin employment under the guidelines contained in this salary schedule.
- Certain current employees may be “grandfathered” at existing rates of pay or salary schedules until separation, retirement, or job change.
- Salary schedule increases will be made according to mandates by the State Legislature and/or guidelines recommended by the Superintendent and approved by the Board.
- Wages will be increased in a step fashion based upon experience and/or certification up to a predetermined maximum to reflect an employee’s increasing competence over the tenure of employment.
- All certified employees must be properly licensed for their respective positions.
- All employees will be paid in twelve (12) equal monthly installments, regardless of the terms of their employment. New employees who start at the beginning of the employment year will have the option of splitting their first check so that a paycheck will be received at the end of August or receiving the first full paycheck at the end of September OR they will be given the option to have their first year paid equally over 13 months beginning in August. New employees who start work after the beginning of the employment contract year will be paid for the actual days worked. In this situation, the pay will be calculated to be spread equally over the remaining months of the contract pay year.
- In the event that an error is made in the calculation and/or payment of an employee’s salary, the Board has the legal authority and right to make proper adjustments and corrections during the current employment year.
- Persons employed for less than 20 hours per week will be paid at the rate approved by the Board at the time of employment and will submit a time sheet for each payroll period.
- Playoff and championship bonuses will be paid out in one lump sum at the end of each season, when proper documentation is sent by the Principal and approved.

Salary Schedule Placement

Placement on the salary schedule will be based on the employee’s completed years of experience and level of certification (for certified employees other than administrators).

For the purpose of this salary schedule, experience is defined as the number of years of service in a particular position, job, or classification. Employees who have a significant amount of experience that is similar and comparable in required work skills, knowledge, etc. to the position which the employee is assigned may be credited some experience for salary schedule placement purposes. The Superintendent, Assistant Superintendent, Human Resources department, and the immediate supervisor will determine this placement. For positions that are grant funded, the number of days and hours worked will be dictated by the grant, regardless of the days and hours noted on the following pages.

Specifically, certified employees will be placed on the salary schedule as follows:

- Years of verified public school experience. The Board recognizes experience in a regionally accredited private school on a ½ year recognized for each **full year** verified. A minimum of two (2) years of verified private school experience is required.
- Highest level of certification issued by the Alabama State Department of Education. Persons who do not hold a valid Alabama Professional Educator or Leader Certificate will be placed on the salary schedule at the Bachelor level, even if a higher degree has been earned. Once the Alabama Certificate has been issued, the employee is entitled to pay for any advanced degree for the advanced degree beginning with the beginning of the next pay period after the Alabama State Department of Education has recognized the advanced degree. If the recognition of the advanced degree occurs May 10 or after pay will not begin until the following school year.
- Highest degree earned as recognized by the Alabama State Department of Education.

The salary of JROTC Instructors is regulated by a military entitlement computation established by the United States Department of Army. Adjustments in compensation are put into effect as soon as official notice is received.

Principals will be placed on a 240-day contract as negotiated with the Superintendent and approved by the Board as recommended by the Superintendent.

Placement on the Certified Administrator salary schedule will be based on the employee's years of administrative experience and level of certification. Assistant Principals, Directors, and Coordinators will be placed on a 202, 222, or 240-day appointment based on the specific job requirements as recommended by the Superintendent and approved by the Board.

Placement on the Professional Classified Administrator salary schedule will be based on the employee's years of experience in their specialized area and the degree held. Professional Classified Administrators will be placed on a 202, 222, or 240-day appointment based on the specific job requirements as recommended by the Superintendent and approved by the Board.

The Chief School Financial Officer will work under a 240-day contract as negotiated with the Superintendent and approved by the Board as recommended by the Superintendent.

The Superintendent will work under a 240-day contract as negotiated with and approved by the Board.

The below information is FULLY dependent on what is passed by the State and will only be given IF they send the funding AND approve the employees individually.

2024-2025 will begin a special incentive program for Active Principals and Assistant Principals in PreK-12 schools where the State will send supplements based on completed professional development upon documented, completed hours submitted from the Principals and Assistant Principals as specified by the Alabama State Department of Education and the approved Act. See specific details below. This will be paid in lump sum, probably in September of each year, after it is received from the State. Applicable benefits will be deducted so as no cost to the district.

Section 16-6I-5 - Funding; use of funds; annual supplement; report

(a) Any appropriation by the Legislature shall be used, in part, to fund salary supplements and related benefit costs for school administrators and other costs relating to the program.

(b)
(1) The department shall provide an annual supplement of up to ten thousand dollars (\$10,000) to any principal and up to five thousand dollars (\$5,000) to any assistant principal who successfully completes the program, is employed full-time in a public preK-12 school, and is properly certified by the state. The department shall provide additional supplements of up to five thousand dollars (\$5,000) to any principal and up to two thousand five hundred dollars (\$2,500) to any assistant principal serving in a low-performing school or high-poverty school. The amount of any supplement provided by this subdivision is subject to appropriations by the Legislature. Successful completion of the program shall consist of the following:

a. Beginning with all then currently employed principals and assistant principals, as of October 1, 2024, annual completion of five additional days of approved, high-quality professional learning as described in Section 4.

b. Beginning with all newly employed, first-time principals, as of July 1, 2024, or later, annual completion of five additional days of approved, high-quality professional learning and participation in a new school administrator mentor program.

c. Beginning with the 2027-2028 school year, all then currently employed and new principals, in addition to the five additional days of high-quality professional learning, participation in the evaluation system created in Section 4.

d. Beginning with the 2029-2030 school year, all then currently employed principals, in addition to the five additional days of high-quality professional learning, participation in the evaluation system created in Section 4 and participation in and completion of the year-long leadership academy in accordance with a schedule for completion as developed and disseminated by the superintendent.

e. Beginning with the 2029-2030 school year, for newly employed principals, annual completion of five additional days of high-quality professional learning, participation in the evaluation system created in Section 4, participation and ultimately completion of the mentorship program, and participation in and ultimately graduation from the year-long leadership academy.

(2) Notwithstanding subdivision (1), any individual employed as a principal on July 1, 2024, shall be exempt from the mentoring requirement.

(c) Upon completion of the evaluation system, it is the intent of the Legislature that additional supplements be provided to principals who meet or exceed student growth goals as identified through the evaluation system in low-performing schools and high-poverty schools.

(d) On or before January 1, 2024, the superintendent shall submit a report to the Legislature detailing the number of school administrators expected to receive the annual supplement provided in subsection (b) for the 2025 fiscal year. The report shall be submitted to the Chair of the Senate Finance and Taxation Education Committee, Chair of the House Ways and Means Education Committee, and the Legislative Fiscal Officer.
